

30 March, 2023

To Our Valued Customers,

Mar-Bal, Inc. confirms our current glass reinforced composite products, and molded in metal inserts, to the best of our knowledge does not contain any Polyfluoroalkyl and Perfluoroalkyl Substances (PFAS).

Mar-Bal, Inc. has not intentionally added any substances that are considered PFAS.

In accordance with Mar-Bal's philosophy of quality excellence, we make continuous effort to ensure all raw materials are held to the highest quality and safety standards. Please feel free to contact me if you need further information.

Regards,

A handwritten signature in black ink, appearing to read "Larry Landis". The signature is fluid and cursive, with a long, sweeping tail that extends to the right.

Larry Landis,
Senior Vice President, Materials Technology
